

G2G - Ideas for End of the Year Party:

1. Ask every partner in each pair to bring something that they prepared symbolizing what they learned from each other: an artifact, a poem, a song, a letter, etc.
2. These can be presented in the following ways:
 - a. Display all the items in the room and have people look at them
 - b. Have each person present the item and explain why they chose it.
 - c. Have each person present the item and have the partner guess why this was chosen for him/her.
3. Prepare a memory book for each of the participants in the social program.
4. Have the group prepare a memory book together of what they learned from the program.
