

[The Jewish Lens @ Beit Hatfutsot](#) International 2020/2021 Schedule

The Jewish Lens program can take place at any time of the school year. We ask for submissions to the international competition in **January 2021**, but if your community gallery takes place after that, then photos can be submitted at the end of the program for the following January. As participants come from all over the world and are on different school year schedules, we want to stress that this program should work for you both logistically and in content. For further information, please contact me at lindsay@bh.org.il.
