

## Passover - פסח

### Exodus in the 21<sup>st</sup> Century

In every generation we commemorate the exodus from slavery to freedom and enjoyed by the sages that: "in every generation a person is obligated to view himself as if he had left Egypt."

### Students and their senior partner can discuss:

How does this picture help us understand this idea?

How would our exodus from Egypt look today?

### Overcoming Obstacles

Every person has had their own troubles. (In Hebrew, troubles, צרות, is similar to the word for Egypt, מצרים.) Discuss with your student how they may have overcome, freed themselves, from their own Egypt, or troubles.

Did your family have their own personal Egypt? How did they overcome this obstacle?
